My first day in school

My first day in school was on 11th of January 2021. As soon as I arrived at school, I met my friends and teacher. They all looked happy. I was very excited to start my classes and play at the playground. Later in the afternoon I ate my lunch. My first day in school was fantastic.

My first day of school

On Monday 4th, I was excited because I was going to school after nine months. I packed my bag and put my snacks and lunch in.

Tuesday morning, I woke up early and got ready quickly.

I had butterflies in my tummy.

I was scared and excited as it was a big school.

My daddy dropped me to school. I sat on the bench, then I went to class.

I was happy to see my teacher. I wanted to hug Ms Swalha but because of Corona Virus, I could not hug.

The class was nice. I was happy to see my friends Kairav and Mihir.

I was surprised to see the ICT room. It was huge and it had many computers.

Then I went to eat my lunch and within a few hours my day was over. My mummy came to pick me up.

Krish 1B

My first day of school

Oshwal academy primary. Today I want to tell you about my year 1 experience. When I entered my school, I met Ms Swalha, she was so kind and humble and I saw a poster on the wall written don't touch your eyes, nose and face. I also met my friends after a long time. That day I did my lessons physically with my teachers and I ate my food. After that I played in the field and I felt so fresh and happy. After attending few more lessons. I went back home and I was very happy that day. I found Miss Swalha and Miss Lillian to be so kind and humble and helpful in all our subjects.

Our Imprints & Expressions

My first day in primary campus was a sad day, because I tripped on my bag.

The support staff took me to the bench. My class teacher took my temperature, and then I sanitized my hands and went to my class.

I was so excited to enter my new class. I was so happy to see Ria, Zoya and Drishty in my class. The first lesson was fun, we watched a video story about an ant. Then we had two more lessons, after that we went for break. At break time we had our break. Thereafter we played at the playground.

After twenty minutes we went to the wash room to wash our hands. We went back to class and did another math lesson, then English, and the last one was Kiswahili. It was time to go for lunch. We went to the wash room to wash hands, we had lunch in class. Our last lesson was Gujarati. Then it was home time. My mum came to pick me up.

My first day in school

Last week we came to primary school for the first day. We saw the full school. We went to play in the playground.

We enjoyed Kiswahili, science and history lessons. The white board was huge but the projector was a little small. The classroom was good.

There were only eight people in our class. We all wore masks and often sanitized our hands.

Niteka Sri 1E

My first day in school

I enjoyed my first day of school. When I arrived, my temperature was taken and I was shown my class. I met teacher Fredrick and saw my friends. Our teacher showed us around. We went back to class. I was excited to start our lessons in the classroom. I also went to the ICT room. There were a lot of computers and CPUs. I was so happy to be there. I had my break and lunch in class. I also watched some videos from the screen projector on the wall. The bell would ring after each lesson so that the next could start. I was so excited when the bell rang for us to go home so that I can tell mum and dad what I did in school.
