Biweekly Brief

Term 3 2020 - 2021 Week 2 & 3

A maiden Cambridge Checkpoint Examination for Year 6 students at Oshwal Academy Nairobi Primary

Mr. Anthony Wachira
Deputy Head

The end the Term 2 was characterized with so much uncertainty? The current pandemic has continued to remind us that change is the only constant thing in life. Covid-19 has changed things overnight. Not once, not twice and this trend will remain with us a little longer. However, this should not be misconstrued to translate to leaving things to fate. In fact, it means being ready for any occurrences on the shortest notice.

Preparations for this Year's Cambridge Checkpoint Examination were done in good time; registration was complete by the deadline, confirmation of students' details was done in good time, curriculum coverage and revision were conducted as scheduled.

Pre-mock and mock examinations were administered within schedule all in readiness for the first ever Cambridge Checkpoint Examination since the Cambridge Assessment International Education began.

Tuesday 6th April 2021, the D-Day, First Paper; Maths Paper 1, Second Paper English Paper 2, then..... Until the last paper Science Paper 2 on Thursday 8th April 2021. For many of us this was nothing short of a miracle.

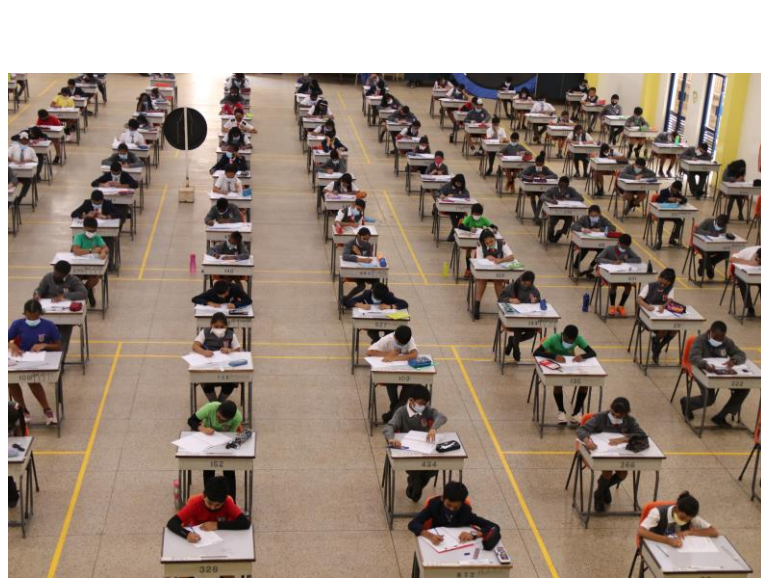

We had narrowly missed Cambridge Checkpoint Examination last Academic Year amidst all the preparations we had put in place and with the new development, due to the current pandemic risked missing it for a second time in a row.

Our gratitude goes to the OERB for all the support; the Academic Consultant Mrs. J. Chotai for the constant follow up, guidance and updates. The external Examination Officer Mr. Peter Muema, the Primary Campus Committee, Primary Campus SLT and all the teaching and non-teaching staff for their immense support.

Special thanks also go to the Year 6 students for their resilience and to the parents for entrusting their children to us during such difficult moments.

GOD BLESS YOU ALL, GOD BLESS OSHWAL
