## Swimming Display

The swimming display was a great experience. It allowed me to show my talent while having fun with my friends. I enjoy swimming because it helps me exercise, relax, and calm down. I found back and front strokes challenging. At first, I felt nervous, but I overcame my fear and started to enjoy it. My swimming coach encouraged me a lot. Overall, it was a great experience.

## Swimming Display

Swimming is a great sport. During my swimming display, I was nervous at first, but once I got into the water, I overcame my fear. I wanted to finish quickly, so I swam fast. After getting out of the water, I felt very cold. I love swimming and I encourage my parents to join me so we can learn and enjoy swimming together.

## Swimming Display

The new term began with excitement. My dad dropped my sister and me off on time. We eagerly went to our classroom, where our teacher took attendance. Afterward, we walked to the blue benches outside. Mr. Moses and Mr. Lawrence held a short meeting to share important instructions. Then, we walked to the shimmering pool. When we arrived, we changed carefully before diving into the cool water. Swimming with my friends was a lot of fun, and I felt lucky to have such a supportive teacher. Overall, it was a great way to start the term!

The swimming display was my best experience. At first, I was scared of the cold water because it was early in the morning. I felt nervous, but when I entered the water, everything changed. I had fun swimming with my friends. My coach encouraged me to do my best. I love swimming.

## Swimming Display

It was a bright and sunny morning, filled with the thrill of the Year 2 swimming display. My excitement was undeniable. After a healthy breakfast, I was ready to showcase my skills. Being a good swimmer, I mastered different strokes with speed and grace, swimming like a dolphin. This was the best day for me, and I eagerly anticipate the next swimming display, as this is my passion and my greatest joy.
